

T1TM

One Step Snap & Seal Pipe

- Features 3MTM Brand VHBTM tape in the lock to make a permanent seal that won't separate or delaminate like foil tape
- Is 3-5% more efficient than conventional snaplock or buttonlock pipe
- Eliminates the need to seal the longitudinal joint with mastic or tape
- The no mess film removal speeds installation, cutting labor cost on every job
- Dampens vibration common to thermal expansion
- Meets Code Requirements
- Made in the U.S.A.
- Patent Pending
